

Newsletter Report to TABS AGM 2024

The Newsletter content is produced jointly by Judith, myself and Beverley. It is printed by Norwood Press.

TABS has continued to produce and deliver the three issues in the year in the usual format. The print run for the forthcoming Summer issue is 3200.

The Newsletter is paid for out of advertising fees, grants from the two Parish Councils plus any donations to TABS. Following last year's concern over the increased costs, appeals in the Newsletter resulted in many very generous donations, for which we are very grateful. They have given us a buffer to pay for printing costs upfront and to cover the liabilities incurred by advertisers who paid in advance if the need arises. Both Parish Councils also kindly agreed to increase their contributions to cover the increased print run required for the new housing. The finances are now stable.

Once again, we thank the various people without whom we couldn't continue the Newsletter: the contributors of articles, the advertisers, the 30 or so volunteer distributors who deliver a copy to every household in Thurnby, Bushby and Scraftoft, the two Parish Councils for their financial help and Norwood Press for their excellent product and generous pricing to support our community.
